FISHER & PAYKEL

Modernising JD Edwards in the Cloud

James Valentine, GM Information Technology

June 2026

EST. 1934

DESIGNED IN NEW ZEALAND

**IT DESCRIBES HOW OUR ENVIRONMENT
HAS SHAPED US, FOSTERING A PIONEERING
SPIRIT AND A CULTURE OF CURIOSITY. IT IS
A PHILOSOPHY AND WAY OF THINKING
THAT IS UNIQUELY FISHER & PAYKEL.**

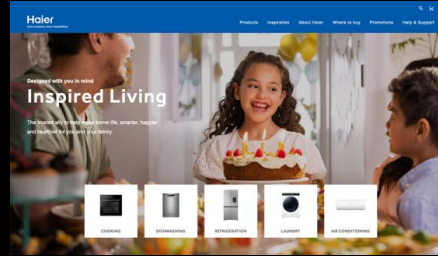

PURPOSE

WE CREATE MOMENTS OF DELIGHT TOGETHER IN THE HEART OF THE HOME. SUSTAINABLY ENHANCING THE QUALITY OF PEOPLES LIVES. NOW AND FOR FUTURE GENERATIONS.

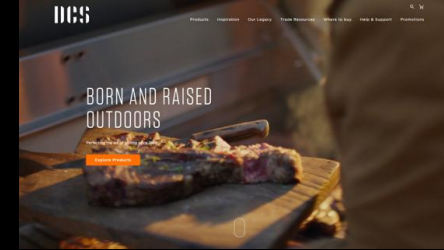

WE ARE THE WORLD'S MOST HUMAN
CENTRED APPLIANCE BRAND

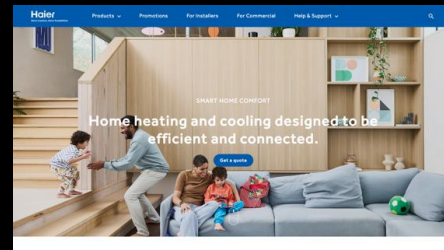

FISHER & PAYKEL

HOME SOLUTIONS

8 MARKETS, 2 FACTORIES

OUR STARTING POINT

6 years behind on upgrade to application and tools release.

8 years old ODA hardware under extended support.

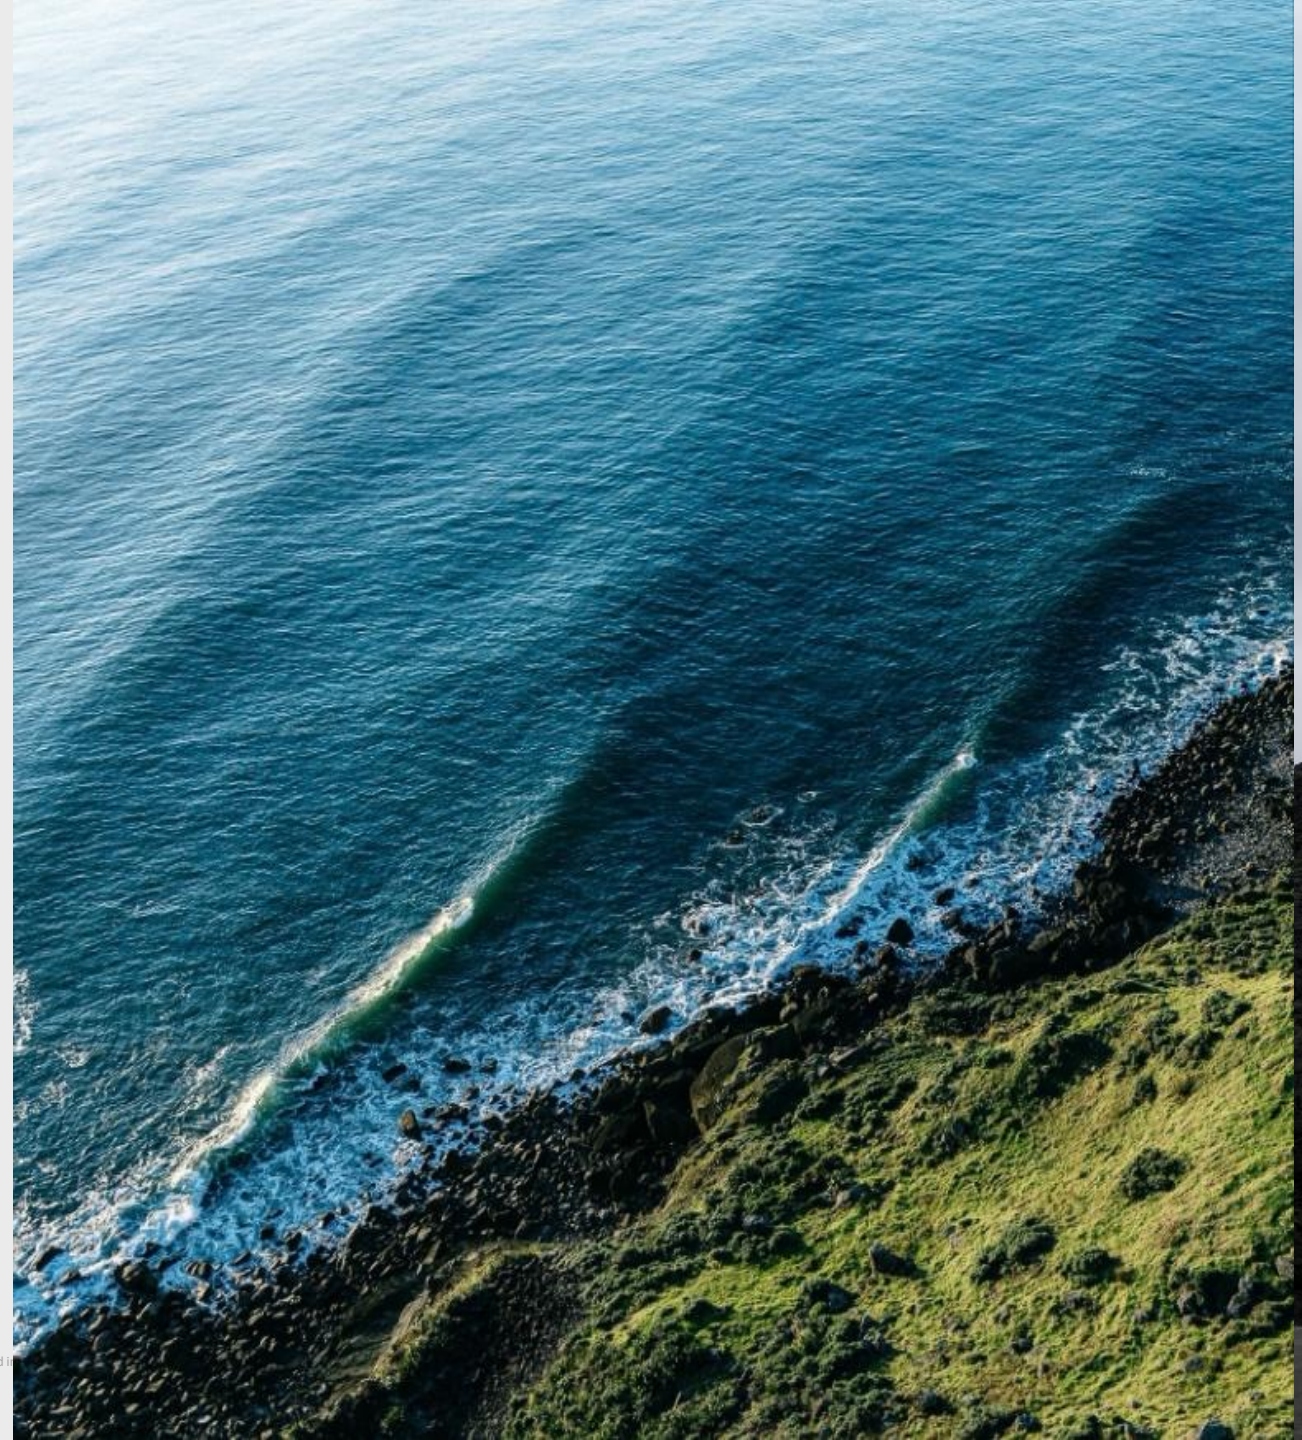

Constrained in size and number of non-production environments

Unable to refresh non-production data due to disk constraints.

Regular outages for package deployments

Unable to dynamically scale our environment to match load

Concerns on likely effectiveness of Disaster Recovery under certain scenarios

OUR OBJECTIVES

"Evergreen" JDE

Robust Disaster Recovery

Scalable Non-Prod Environments

Modern Deployment Approach

Usability & Functional Improvements

Licensing Optimisation

Scalability & Performance

Security & Audit Improvements

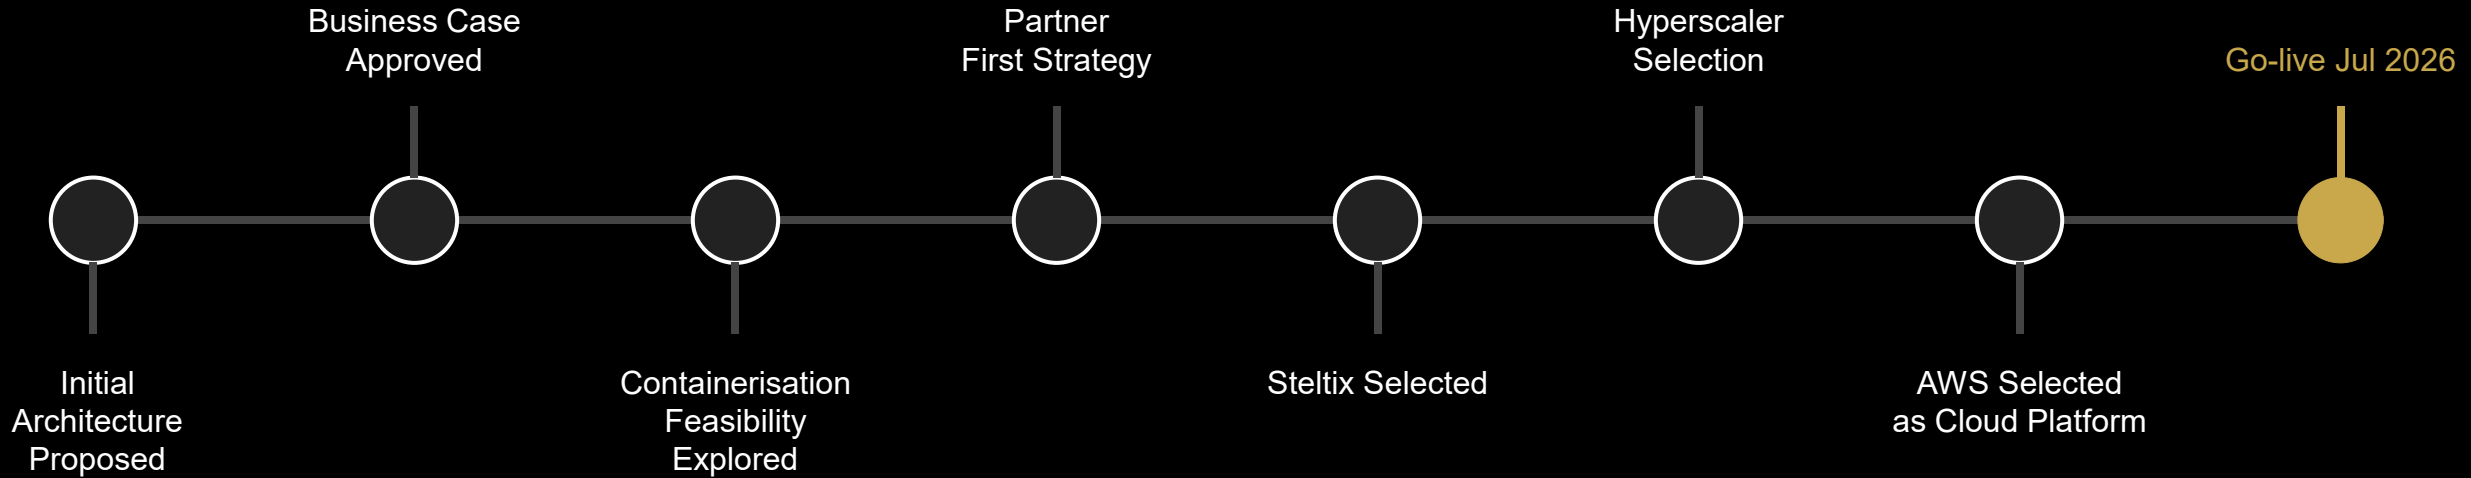

Cost Optimisation

FISHER & PAYKEL

OUR JOURNEY

Traditional cloud architecture prepared by incumbent provider.

Baseline business case approved

Containerisation? Is it possible?

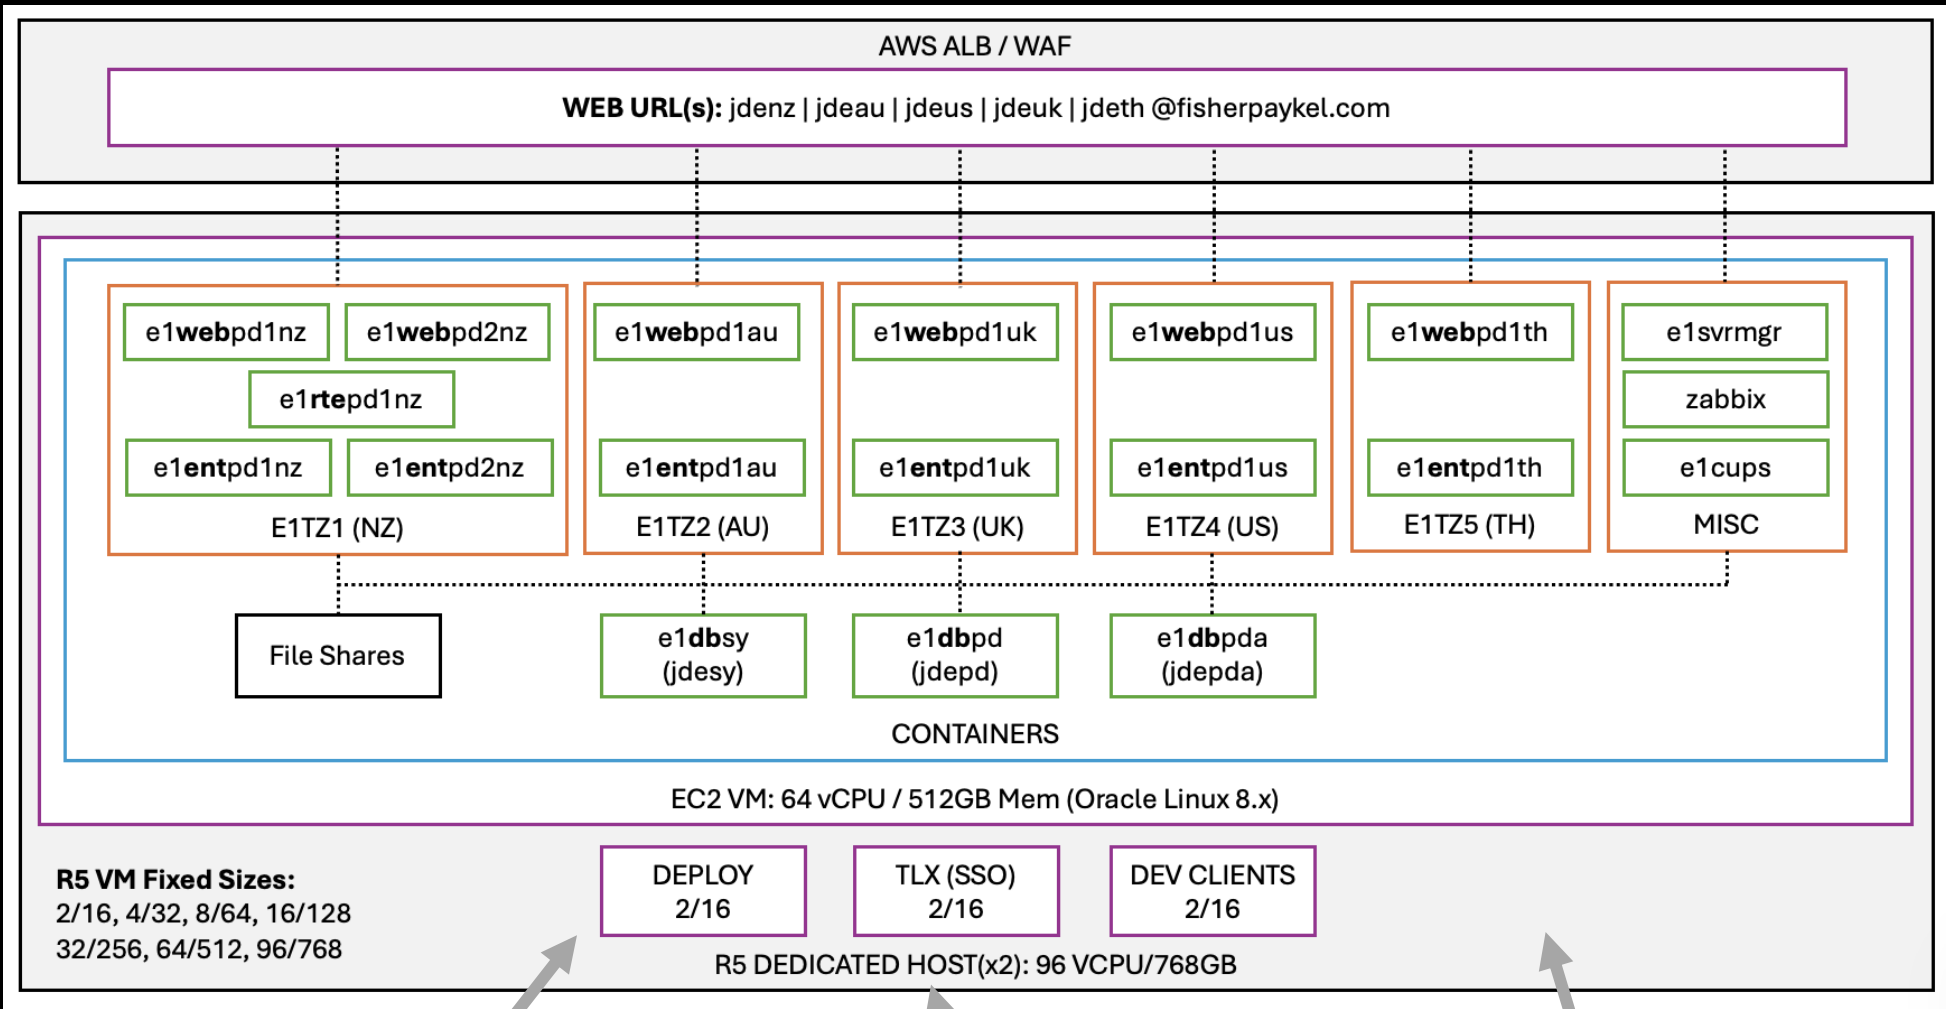

Implementation Partner selection first / Cloud platform selection second.

Steltix selected as Implementation partner

RFP process for cloud provider – Steltix worked with Hyperscalers to prepare 3 proposals.

AWS selected as cloud provider

Implementation now underway - Go-live due July 2026

Steltix Package Automation (CI / CD)

Steltix TLX10 - Transparent Login (SSO)

Uses FSx – NetApp ONTAP as shared storage layer

THANK YOU

FISHER & PAYKEL
